Re: Recent Photo Shoot with Family

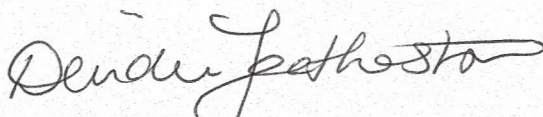

Hi Tadhg

Thanks for taking the time recently to photograph our gang of five! We really enjoyed the experience and the kids had a ball. They loved the excitement of it and were not shy in front of you which shows that you relaxed them. They were even doing their own poses!

The results of the photo shoot were excellent and I am really impressed by the whole experience you provide from having a cuppa before the shoot to physically seeing all the photographs.

We have had many people comment on how nice the photos are and rest assured we will be highly recommending you.

Thanks for a great Job

Deirdre Featherstone
